

2011 GAF Grants

Total Amount Awarded by Geneva Academic Foundation Was \$41,621.53

Grant Proposals Partially or Fully Funded

Grant #

#1 Learning and Movement

Geneva Middle School North

A stand-up desk and stool which allows a student the choice to sit or stand while engaged in learning activities. This special desk helps students with ADHD to focus better, release some excess energy, and not to distract others.

Partial Grant for \$468.00

#2 Television News Writing Program

Geneva High School

This news writing program will help improve the writing skills of students enrolled in television classes at the high school. This program allows students to write for all components of the various studio productions and connect directly with the technology that sends it to the airwaves.

Partial Grant \$4,150.00

#3 Digital Cameras

Fabyan Elementary School

Three digital cameras were purchased to be used in classrooms and on fieldtrips by all grade levels and staff.

Partial Grant \$495.00

#4 Poster Printer

Geneva Middle School South

Money was given to allow teachers to create large graphic organizers and other classroom posters which depict specific reading, writing, and math strategies.

Partial Grant \$1946.25

#5 Science Discoveries with Microscopes

Fabyan Elementary School

Microscopes were purchased for students to use in the elementary classrooms.

Partial \$1,000.00

#6 Cordless/Portable Microphones

Geneva High School

Four cordless/wireless/portable microphones for use in the auditorium for theatre and musical programs as well as for school assemblies and programs.

Partial \$649.00

#7 Supplementary & Enrichment Materials for Science **Geneva Middle School South**
A DNA model, forensic activities to reinforce the study of the skeletal system, and genetically engineered seeds that germinate quickly were purchased for a seventh grade classroom.
Full Grant \$723.00

#8 Lightspeed Portable Infrared Audio Systems **Heartland Elementary School**
An audio system with speaker and microphone was purchased for each grade level at this elementary school.
Full Grant \$5,316.00

#10 Smartboard-Interactive White Board **Western Avenue School**
This new visual learning technology will help students to become more active learners. This interactive white board was purchased to be shared by all classrooms.
Full Grant \$2,510.32

#11 S.P.A.R.K. Science Learning System **Geneva High School**
Thirteen SPARK Learning Systems were purchased for use in the chemistry classes at the high school.
Partial Grant \$5680.45

#13 Reading/Writing Lab HB Probook 6550b **Geneva High School**
Money was given to purchase laptop computers to be used in the Reading Lab at the high school.
Partial Grant \$5,000.00

#14 BookFlix Interactive Online Literacy Library **All Elementary Schools**
Money was given to help purchase a year-long on-line multimedia literacy subscription for each elementary school. This program pairs fictional video storybooks with non-fiction eBooks, and can be used at school and at home.
Partial Grant \$3,357.00

#15 Literary Festival 2012 **Geneva High School**
Money was given to help fund the Upstate Eight Literary Conference in order to continue this event which has occurred for the past 35 years for Geneva High School students .
Full Grant \$2,000.00

#16 Portable Document Cameras

Mill Creek Elementary School

Money was given to buy more document cameras for individual classrooms. Document cameras present crisp, clear, detailed images through the LCD projectors which are mounted from classroom ceilings.

Full Grant \$2,020.16

#20 Digi-Walker Pedometers

Fabyan Elementary School

A class set of pedometers was purchased to be used in physical education classes.

Full Grant \$584.00

#24 Bulletin Board Die-Cut Machine

Geneva High School

A die-cut machine was purchased for the high school to make classroom and extra-curricular clubs' displays more attractive.

Full Grant \$1,438.75

#26 Listening For All

Fabyan Elementary School

Money was given to help purchase more books on CD for the school's library.

Partial Grant \$1,250.00

#27 Healthy Cooking Equipment

Geneva High School

Three ActiFry Units were purchased for the high school culinary arts classroom to promote healthy cooking.

Partial Grant \$933.00

#28 Technology for Art Classrooms

Geneva High School

An inkjet printer, a four-color glass printer, and two megapixel digital cameras were purchased for art and photography classes at the high school.
